THE ATLANTA CONSTITUTION.

BY W. A. HEMPHILL & CO. | ATLANTA, GEORGIA, THURSDAY, JANUARY 13, 1870. | VOLUME II---NUMBER 17

EVENING EDITION.

ATLANTA, GEORGIA, JANUARY 12.

☞ Rev. J. S. Lamar, of Augusta, Pastor of the Christian Church, will preach in Atlanta on Sunday, at the new church.

☞ Reading matter on every page.

☞ THE CONSTITUTION will be delivered to members of the Legislature at any point in the city desired.

☞ See Fourth Page.

PERSONAL.—We had calls to-day from Col, Wright, of Newnan, Msj. Allen, Mayor of Augusta, Gen. Wright and Col. Moore, editors of the Augusta Chronicle.

Democrats, Beware!

It is freely rumored that Governor Bullock has bought certain outside Democrats over to influence Democratic members against the policy that is damaging Bullock's schemes.

We appeal to the Democrats to be united. And we tell those men who are suspected, to beware. That Democrat, who, in this hour of peril, turns against the State, will heap infamy on his own head.

The Weekly Constitution.

The price of THE WEEKLY CONSTITUTION for three months is One Dollar—for six months, Two Dollars—for one year, Three Dollars. No subscription to the WEEKLY received for less time than three months. In no case will we deviate from the above.

Agents will please take notice of the above.

The Situation.

The Radical caucus yesterday afternoon and last night, was said to have held a long session, and to have been mueh muddled. All sorts of wild things were proposed and discussed. In their desperation, the Radicals are ready to do any mad deeds. They are said to have been in constant telegraphic communication with Congress, begging for more power. They are also said to have appealed to Gen. Terry for military aid. The plan of intimidation and perjury prosecution has been alternately discarded and re-adopted. It is very credibly stated, that the effort is to get Harris, the Speaker pro. tem., to refuse to let Democrats vote, against whom the protests have been filed, and it is said, that an attempt has been made to get Gen. Terry to sanction this.

The audacious illegality of such a thing is apparent. It is a direct effort, in violation of the 5th section of the Georgia Bill to hinder members from taking their seats. Let these men beware how they go too far.

The House adjourned again at 12 o'clock, until twelve o'clock to-morrow, with organization incomplete, for the purpose of more juggling.

The Contents of the State Road Treasury.

Treasurer Foster Blodgett, of the State Road, turned over to Treasurer Harris assetts in the State Road Treasury to the amount of some $100,000. We give general figures.

Of this amount, about $55,000 were in cash. The rest, amounting to $55,000, was in the shape of divers chips and whetstones, that Treasurer Harris, we understand, has been advised not to receipt for as money.

We give a specimen of these assets.

Five due bills to Foster Blodgett for $300 each.

Warrant No. 312, for $345; amount of warrants to deaf and dumb asylum, $2,800; nine warrants, $3,750; one sealed package marked "Hon. Foster Blodgett, from V. A. Gaskill, $1,000. Private."

Sundry notes from Jared I. Whitaker, to be paid for in printing or hereafter returned, amounting to $7,800.

The Code of Georgia, section 4 of par. 685, says of the duties of State Road Treasurer, that it is his duty

"To pay the State Treasurer monthly all balance in his treasury, after paying all the current expenses of the Road and other lawful claims upon it, and to take his receipt for the same, retaining such amount as the Superintendent may direct."

There is certainly nothing in this that authorizes the State Road Treasurer to loan State Road money to parties.

This may account for the fact that no money has been paid into the State Treasury for three months. We very much doubt if Treasurer Angier would receive these papers as cash.

This may explain other matters that have been hanging in doubt.

Col. Hulbert's Report of the State Road.

We have some of the advance sheets of Col. Hulbert's report of the State Road for the year ending Sept. 30, 1869.

The total receipts for the year were $1,138,300.63; of which $801,895.55 were from freight; $319,364.37, passenger; $17,250.00, mails; $3,840.71, miscellaneous.

The working expenses were $688,180.43, of which $224,625.70 were for transportation; $230,489.85, motive power; $103,650,-50, maintenance of way; $97,113.43, maintenance of cars; $32,300.90, general expenses. Of the whole amount $21,333.37 was on account of preceding administrations.

The extraordinary expenses were $134,-015.32; of which $44,283.71 was for new cars; $13,677.31, depot buildings and agent's houses; $75,954.30, real estate, new track. The latter item of new track being $52,250.00.

The aggregate of expenses was $822,-195.75, leaving a surplus of receipts over expenditures of $316,105.08.

It will be remembered that Treasurer Angier, in his report, stated that $25,000 per month had been paid in from the State Road from September 1st, 1868, to October 1st, 1869. So that during the fiscal year, of the $316,105.08, the excess of receipts over expenses, $300,000 was paid in, leaving the balance on hand of $16,105.08.

We wish very much that Col. Hulburt had brought up his report to the time of his retirement from office, in order that the large receipts of the three months of October, November and December, 1869, could be accounted for, and the public have a correct statement of the Road just as Blodgett took it.

The ratio of working expenses was 58 58-100 per cent. The ratio of the previous year, 70 per cent.

The material on hand amounted to $65,-904.26, against $50,536.29 the year before—increase $15,367.97. The increase of business has been great, and is due to reduction of freight, and greater facilities offered to shippers.

To show the advantage of low freights, the tonnage of coal in 1868 was 8,567 tons; earnings, $15,756. In 1869, 23,388 tons—earnings $37,167.10; showing an increase of 14,421 tons, and $21,411.40 earnings.

The Road has been improved. Some 10 new bridges have been built: 700 feet of trestle work. Over 50 miles of old rail need renewal, at a cost of $5,500 per mile, or a total of $275,000. Some 9½ miles of new rail have been laid at a cost of $52,250.

The steel rail is recommended. About 3 miles of new track have been ballasted with rock. The entire line should be ballasted. About 2½ miles of side track have been laid. At least 5 more are needed near the centre of the road. 7 switches of Dooley's patent have been put down, and given satisfaction. 6 new tanks have been built. All the depot buildings nearly have been over-hauled and renovated, and 2 new depots established.

Col. Hulbert recommends fire proof locomotive and car shops. $10,007 of stock have been killed. The claims against the Road have increased—many of them antewar and war claims for change bills issued during the war for war purposes. He recommends the Road to be relieved of these claims.

Six miles of fence has been built at a cost of $3,700. It would pay to line the whole road with fence, costing $55,123.20, unless private parties be required to fence up their stock.

Three first class passenger cars have been purchased; 6 new second class passenger and 4 new baggage cars are needed. The supply of box cars is ample, but platform, stock and coal cars are needed.

The Road has bought two Tennessee river steamers for $21,000, thus securing much river freight.

Col. Hulbert says the telegraph is the necessity to successful, economical and profitable operation of the Road.

The rest of the portion of the report we have, elaborates Col. Hulbert's well known views in regard to the coal and iron interests of Georgia, and the construction, by the State, of feeders and side lines to the State Road.

Georgia News.

The Columbus Sun reports the burning of Wm. Brooks' gin house.

The Dalton Citizen denies that the Rome and Dalton Railroad has bought the road from Dalton to Cleveland.

Mr. A. B. Raiford, Sheriff of Hancock county, has resigned, and Judge Stanford has forwarded his resignation to the Governor.

COTTON.—Yesterday cotton was stiff at 22½ cts. This is higher than it has been for the past two months. We hope it will continue to rise.—*Rome Courier.*

The Rome Courier says that certain parties will publish a paper in Rome, to be called the "Censor," for ridiculing ridiculous things.

The Albany News reports the killing of a young son of Dr. DeWitt by the falling of a tree. Col. Schlatter reports work rapidly progressing on the Brunswick and Albany Railroad.

ACCIDENTAL KILLING.—An employee of of John Robinson's Circus was killed at Albany, in this State, on Friday last. Two of the men were playing with a pistol when it was accidentally discharged, resulting in the death of one of them.—*Albany News.*

The Savannah News says that L. U. Sermans has been elected Master of Cassia Lodge, Homerville, Ga. A daily line of steamers is to be run between Augusta and Savannah. The firm of Dephph & Palmer, have had $1,500 burglaried from them.

New Officers of Augusta Savings' Bank are: B. P. Clayton, Edward Thomas, W. P. Roberts, H. H. Hickman, J. Q. Matheson, C. H. Phinizy, S. D. Heard, B. W. Heard, Y. L. G. Harris. At the meeting of Directors, H. H. Hickman was re-elected President.—*Augusta Constitutionalist.*

SOUTH GEORGIA AND FLORIDA RAILROAD. The public will be gratified, says the Thomasville Enterprise, to know that this road has been opened for travel to the neighborhood of Camilla, Mitchell county, and that vehicles have already been put on the line between the present terminus and Albany.

STEAMER SOLD.—We are told the Atlanta, the largest and best steamer on our river, was sold yesterday to the Central Railroad line for $12,000. She was built in Pittsburg, a little over two years ago, at a cost of $35,000. In calking her not long since, not an indication of rot could be discovered.—*Columbus Sun, 9th inst.*

The preliminary trial of James B. Weeks at Talbotton, Ga., for the killing of James B. Cottingham, on the 30th ult., was heard at that place, on Wednesday last, continuing for three days. The accused was bound over in the sum of one thousand dollars to appear and answer for the offense of "involuntary man slaughter in the commission of an unlawful act."

ANOTHER RICHMOND IN THE FIELD.—We were informed on yesterday, by a party well-posted in politics, that Col. R. L. Mott is a candidate for United States Senator before the Legislature.

We have no hesitation in saying that he would make a better Senator than any man of his party yet named in that connection.—*Columbus Sun.*

COL. TOMMY ACTON.—This fragile violet that blooms in the garden of the ATLANTA CONSTITUTION, was in Rome yesterday. We were delighted to take his tiny little paw between our fingers, and press it fondly. He is here in the interest of his paper, which is one of the very best papers in the South. As a lively newspaper it has few equals. THE CONSTITUTION has a fortune in Col. Tommy.—*Rome Courier.*

THE LATE GEORGIA BILL.

Is it Constitutional?—Lookout for the 15th Amendment.

Editor Constitution: Many writers denounce this bill as flagrantly unconstitutional. I do not so look at it. Let us see. The third section of the 14th Amendment prohibits any person from holding civil or military office under the U. S. A. or State Government, who held certain offices previous to the war, and having taken the oath to support the U. S. A. Constitution, and afterwards gave aid, etc., to the rebellion. The fifth section gives Congress power to enforce this and the other sections, by appropriate legislation. Now, it was urged by Governor Bullock that the Georgia Legislature was an illegal body, because many of the persons composing the General Assembly were ineligible under the 14th Amendment; and thus it was that the negroes were excluded, and thus it was that he lost his power and his party. It is true that even if Georgia was ever out of the Union, she went back by the action of Congress in July, 1868, and she is now a State in the Union. But what of that? Congress has the right to look after this matter, and to "take care" that no ineligible person shall hold office, even in a State. Georgia's Governor makes the charge, and Congress, by what is *deemed* "appropriate legislation," provides in this bill that all the persons elected shall take the oath prescribed, and for taking such oath, such person is liable to prosecution for perjury in the U. S. A. Circuit Court.

This may be a great wrong, and may thwart the wishes of the people, and deprive them of a representation, but still Congress has the power, and she has thus shown it. I see no reason why she can not do the same thing with New York, Tennessee, or any other State in the Union. And if necessary, this Congress will do it. It could require every State officer to report to Congress and pass a rigid examination before Congress, as to their eligibility, and prohibit such from holding office in a State until they had obtained the unanimous sanction of Congress and the approval of the President. The power is full and unlimited.

I see no reason why Congress might not, under the 4th section of the 14th Amendment, make it a capital offense for a person "to question" the validity or sanctity of the public debt, or assume the supervisory control of every appropriation bill that may be passed by any State Legislature to prevent such State from assuming "any debt or obligation incurred in aid of the rebellion." It is hard to imagine what Congress might not do, under the unlimited grant thus given.

Shall we sanction the 15th Amendment, thus enlarging the powers of Congress, and thus invite hostile legislation whenever party purposes would demand it?

It is highly probable that the 15th Amendment will be lost, unless it get the vote o Georgia. How great is the responsibility thrown upon the General Assembly! I hope they will meet it like men—like true men—and defeat the abominable measure. There is no peace nor honor in it. It changes the whole system of government, and renders the powers of Congress omnipotent for evil over the States, and the loss of a place in the councils of such a Congress is but a little sacrifice for us to make in order to defeat it. Some say we will incur the wrath of Congress if we do not pass it. Who cares for the favor of kings and princes, when it has to be secured at the sacrifice of right and truth and self-respect? Rather let us curb this unlimitable sway of Congress, and preserve the government as it came from our fathers. It is true Gov. Brown thinks we ought to adopt the menstrous proposition. He has ceased to be authority with any good and true man for years. He is in the camps of the enemies of true liberty, and he has nothing to lose by the abuse of this power. His hopes, and all others in the South in his condition, are in the omnipotence of Congress, for by it the present party can perpetuate its power; but the people have no such hopes and no such plans for the future.

Defeat this measure, and we will perpetuate Constitutional liberty. Let it be adopted, and all hope of peace in the States is gone. "DOUGHERTY."

How it came about that his dismissal was ever thought of, is a mystery to some. It is known here among the initiated. It seems complaints were made that he had spoken irreverently of the negro population of Montana. He promised to prove that he did so for a pupose. His acknowledgment that he lied as to his real sentiments has been deemed quite sufficient for an excuse.

OUR SOUTH CAROLINA LETTER.

Walhalla—The Air-Line Railroad—Other Matters.

Editor Constitution: From the geographical position of Walhalla, one, who had never visited the place, would be led to the conclusion that it was a very obscure, diminutive country village. But not so. It contains about one thousand inhabitants, and is quite a flourishing town. The original settlers were Germans, who form half its present population. Its peculiarly healthful location, and the mountain scenery surrounding, which is beautiful beyond praise, has made Walhalla for many years, a favorite place of resort for health and pleasure seekers, from the Carolina coast. It is also the present terminus of the Blue Ridge Railroad. The only difficulty in the way of Walhalla becoming an important city, is the anti-railroad party, very numerous throughout this entire section of country.

Strange, indeed, that men in this enlightened and progressive age, should oppose the construction of railroads, but we know of no other section of the South, where this spirit is in the ascendency.

The Air-Line was killed some time ago, by the popular vote of the people in this county, and the late action of the South Carolina Legislature, repealing the charter of this road, purely political as it was, exhibiting the quintessence of senality in the majority of that body, was doubtless highly gratifying to these people, who have so strenuously opposed both the Air-Line and Blue Ridge Railroad.

Here is an incident that came under our personal observation, a few days since. Mr. D.'s horse took fright at the cars and ran away, injuring both horse and buggy slightly. Mr. M., a large landholder, comes up, and after learning the particulars, etc., exclaims: "These Railroads are a curse! I wouldn't have one in twenty miles of me if I could help it."

No country has greater natural advantages than this, and when that barrier to progress, "old fogyism," is annihilated, this vast and beautiful region, now cut off as it were from all communication with the world, will receive another population, whose characteristics will be entirely dissimilar from that of the present, so long destitute of Railroad facilities.

GEORGIA LEGISLATURE.

The Radicals Again Adjourn the House, Nearly Organized, to Juggle.

SENATE.

WEDNESDAY, January 12, 1870.

Senate called to order by President CONLEY.

Prayer by Wesley Prettyman.

The President handed to the Secretary a communication from D. G. Cotting, Secretary of State, certifying what Senators had qualified. The Secretary then called the roll from the certified list.

T. G. CAMPBELL, Sr., moved to adjourn until to-morrow at ten o'clock.

Senator SMITH, from the 7th, thought the Senate should proceed to the election of Door-keeper, Messenger, and other officers.

The vote was taken, and the President announced that the motion to adjourn was carried.

The Senate then adjourned.

HOUSE OF REPRESENTATIVES.

WEDNESDAY, January 10.

At the hour of 10 o'clock, A. M., the Chairman called the House to order with the imperious knock of the Speaker's hammer, and announced, THIS TIME, that it was his will that the EXERCISES should commence with prayer by Rev. J. W. Lee.

After prayer, A. L. Harris announced that the calling of the roll having been suspended at the county of Oglethorpe, it would be resumed at the county of Paulding. Members then appeared and were qualified, as follows:

Paulding—S. F. Strickland.
Pickens—S. A. Darnell.
Pierce—
Pike—R. A. Seale.
Polk—L. H. Walthall.
Pulaski—J. M. Buchan, S. F. Salter.
Putnam—S. C. Prudden.
Quitman—L. C. A. Warren.
Randolph—W. M. Tumlin, ——.
Richmond—E. Tweedy, J. E. Bryant, T. P. Baird.

[Tweedy's elegant side-whiskers were out of the way when his name was called, and Newton, the roll-caller, prolonged his anxious cry for them until they were seen advancing with undulating grace.]

FITZPATRICK, of Bibb, here cautiously advanced towards the Speaker's desk and, with bated breath, said he desired to enter a protest against Bryant, but that he didn't have it written out.

[*This* Baird is the member, and S. W. Baird is the Clerk—both *miserabile dictu*, from Richmond.]

Rabun—McK. Fincannon.
Schley—Thos. F. Rainey.
Screven—W. D. Hamilton.

B. A. Fahnestock's

VERMIFUGE!

WHY is it that so many children die under the age of five years? That a large proportion of children die under that age, has long been a subject of remark, and without a satisfactory cause ascertained, it is certain.

Also, it is known that worms exist in the human system from its earliest infancy; therefore parents, especially mothers, who are more constantly with their children, can not be too observing of the first *symptoms of worms*; for so surely as they exist, can they be safely and certainly removed from the most Delicate Infant, by the timely use of

B. A. Fahnestock's Vermifuge.

It is perfectly harmless, contains no Mercury, being a purely Vegetable Composition, and may be administered with the utmost safety to children of all ages.

Worm Confections, made more for the purpose of pleasing the palate than of overcoming the disease, have been manufactured all over the country, but their short lease of life is nearly exhausted, and B. A. Fahnestock's Vermifuge continues to grow in favor daily.

CAUTION.

Should occasion require you to purchase B. A. Fahnestock's Vermifuge, be particularly careful too see that the initials are B. A. This is the article that has been so

Favorably Known Since 1829,

And purchasers must insist on having it, if they do not wish to have an invitation forced upon them.

MORNING EDITION.

ATLANTA, GEORGIA, JANUARY 13.

☞ Let the Democrats be in their places to-day, so that not a vote shall be away when the time comes to vote.

PERSONAL.—We had calls yesterday from Dr. Green, Superintendent of the Lunatic Asylum, Hon. J. E. Shumate and Mr. Anderson.

☞ It is rumored that the Radicals adjourned to prevent an organization in order to get Congress to increase Bullock's power and strengthen the present Bill.

☞ All of the Democratic lobbyists who are playing into Bullock's hands live upon the line of the State Road, and in the direct range of Bullock's patronage.

Of course, they don't expect any of that patronage.

FAVORS.—We have received the customary courtesy from the following Railroads, for which we thank the respective Superintendents: The Central Railroad, the Georgia Railroad, the State Road, and the Macon and Western Railroad.

HOAR'S PLACE.—A committee of Pennsylvanians waited on Grant to urge him to appoint Benj. H. Brewster Attorney General in place of Hoar. Grant snubbed them with the news that the place was not vacant.

Attorney General Farrow's Opinion.

We give a riddling review of Farrow's opinion in another column. There are some Democrats who have been tender about taking the oath, and we give this for their benefit.

☞ The Spanish Captain-General, in Cuba, has issued a proclamation, in which he congratulates the country on the defeat of the insurrection. He seems to think the Cuban cause is confined to small wandering bands of insurgents, who will disappear rapidly.

This is all very nice. But perhaps Cespedes could proclaim differently.

LINGARD-DUNNING.—Capt. Jinks Lingard and his wife, Miss Dunning, have issued a card, that they are all right again, and as loving as two turtle doves. They state, for the satisfaction of a curious public, that their billings and cooings have been resumed by mutual consent. They cheerfully communicate the pleasing intelligence that the "trouble originated from the intermeddling in private family affairs of false friends."

Oh, that Fisk!

Negro Insanity.

Freedom, according to all orthodox prophets and authorities, hath been a good thing for Sambo. He can carry fire-arms, outrage white ladies, splurge in the Legislature, wear chignons, and other highly desirable felicities, but it seems a melancholy fact that he can't keep as sane as he used to as a slave.

From Dr. Green we learn that insanity is largely on the increase among the blacks, and it grows daily.

A Strange Thing.

Yesterday and the day before, the Radical manipulators of the organization of the Legislature have worked with closed doors. Nobody has been admitted to the galleries and lobbies except parties with printed tickets; and the tickets have been sparingly given out, except to Bullock's favorites.

WHAT DOES IT MEAN?

The Georgia Bill didn't provide for a secret Star Chamber session. What dark purpose has animated the conspirators, that the light of day and the scrutiny of the people has been so sedulously avoided? This is another of the remarkable features of this legislative farce.

Congress didn't exactly fix up matters to suit this juggling band. Their fantastic capers are refreshing. They still run their schedule of rollicking comedy and grave tragedy.

Dishonest Lobbyists.

It is believed that the lobbies of the Legislature are thronged with half decayed Democrats in Bullock's employ, seeking to make a schism in the Democratic ranks. They have axes to grind, and Bullock proposes to turn the stone for them for a consideration. They are after little clerkships and Executive favors, pecuniary plums, and the "orthography of some little office" for themselves or relatives, from the Supreme Court down.

Again we call attention to their proposed treachery. Let the Democrats stand united. There is no hope of success against Bullock's schemes except in a firm, indivisible union. The smallest Democratic defection may lose all. Let all be ready to abide the voice of a majority, even at the sacrifice of individual wishes.

This is no time for party division. The common danger is imminent.

Let those men who are thus seeking to split us be marked. They are suspected.

The Radical Protest.

We have obtained a copy of the protest that the Radicals have filed against some of the Democrats who have taken the oath. The blank is filled with the name of the Democrat. The protests are printed except the names.

MR. CHAIRMAN: I wish to file a protest against the eligibility of ——— ———.

By virtue of the express provision of an act to promote the reconstruction of Georgia, approved December 22d, 1869, under a correct "exposition of the law," as approved by Gen. Alfred H. Terry, commanding the District of Georgia, the Honorable gentleman whose name has been called is not qualified to take the oath provided in said law, and which you are now about to administer to him, because of the fact that he held office, and thereafter participated in rebellion against the Government of the United States and has not been relieved of his disabilities by act of Congress, and is therefore ineligible to the seat.

The protests offered in the Senate were signed by Campbell—in the House by Peter O'Neal—both negroes. It has been with some difficulty that a copy of this delectable document has been obtained. The legislative Africans who have indulged in the luxury of these protests would hardly consider that the felicity of the act would repay them for a term in the Penitentiary.

And those white Radicals who were too cute to put their names to these illegal papers, and cravenly shoved the dangerous duty on their black brothers, may find that being accessary to a felony is about as bad as doing the thing.

Proceedings of City Council.

To the Honorable Mayor and Council of Atlanta.

GENTLEMEN: Your Finance Committee having examined the Books and Receipts of the several Departments, from which the city derives its Revenue, have the honor to submit the following, from which you perceive the financial condition of our city:

The Books of L. P. Thomas, Tax Receiver and Collector, show a total exhibit of cash receipts of $63,036 74
He has paid over to S. B. Love, Clerk, 63,080 70
Showing an overpius paid to C'k of $43 96, which he accounts for thus: In the press of business, he failed to enter this amount upon his books at the time of collection.
Upon examining the fi fa docket and total exhibit of John Thomas, Marshal, we find he has received from various sources: $6,756 08
He has paid over to S. B. Love, Clerk, 16,632 08
Income from Magazine, 936 14
Income from Cemetery, 5,310 25
Income from Police Department, 2,678 60
Income from Markets, 873 65
Amount collected by S. B. Love, Clerk, on Special Tax and Miscellaneous, 72,307 66
Total income for 1869. $191,974 17
Permanent investments as follows:
Paid for City Clock, $ 1,250 00
Purchase of New Fair Ground, 4,842 00
Building of Cemetery Chapel, 1,500 00
Building of New Stables for city mules, 1,250 00
Purchase of Mules and Carts, 875 00
Paid for opening New Streets, 4,910 00
Reduction of the City's indebtedness, 63,039 01
Total reduction of city debt, or its equivalent, 77,666 01

The stock subscribed by the city to the Air-Line Railroad of $300,000, has been paid by issuing City Bonds to that amount.

Having examined the Books and total exhibit of S. E. Love, Clerk of Council, we find them correct, with the exception of 45 cents difference between his cash debit, and W. W. Clayton's receipts for the same.

On examination of the Books and vouchers of W. W. Clayton, Treasurer, we find them correct as given in his annual report, he having a proper voucher for every item set forth therein.

The Bank debts incurred by Council of 1868, falling due in 1869, as follows:

Park Bank, of New York, for	$18,000 00
Atlanta National Bank, Atlanta,	5,000 00
John H. James' Bank, Atlanta,	2,000 00
Total,	25,000 00
Of this amount has been paid,	7,000 00
Balance unpaid,	18,000 00

Being cancelled by J. A. Hayden, of this city, interest paid to Feb. 7, 1870, for which he has City Bonds as collaterals to the amount of 36,000 00

Your Finance Committee has negotiated the following loans:

Atlanta National Bank, Atlanta, Due Feb. 1, 1870,	8,137 60
For which they hold City Bonds as collaterals,	12,000 00
John James, Banker, Atlanta, Due Feb. 2, 1870,	5,000 00
For which he holds City Bonds	2,000 00

This negotiation was made to meet a portion of Jan. interest.

We have to our credit in Park Bank, New York, 9,567 40
With J. H. James, Banker, 1,275 52
County Checks, 528 66
$11,371 58

All of which is respectfully submitted.
E. R. CARR,
S. R. MCCAMY,
D. C. O'KEEFE,
Committee on Finance.

ATLANTA, GA., Jan. 11, 1870.

Hon. Mayor and City Council:

GENTLEMEN: Your Committee on Police have the honor to make the following report for the fiscal year, 1869:

We have carefully examined the records of the Police Court for this period, the only source of review in this department, and find there were docketed for the year, thirteen hundred and forty-five cases, disposed of as follows:

Dismissed	426
Worked out fines on streets and public buildings	264
Number from which fines were collected	655
Total amount of fines and forfeits collected by the Deputy Marshal for the year	$2,678 60

The records of the Court have been properly kept and are filed, together with all vouchers for moneys received by the Deputy Marshal, in the Clerk's office.

All of which is respectfully submitted.
E. J. ROACH, Ch'm'n,
W. C. ANDERSON,
Police Committee.

ATLANTA, GA., Jan. 1870.

Honorable Mayor and Council of Atlanta:

GENTLEMEN: Your Committee on Streets respectfully submit the following report of their operations for the year 1869:

On entering upon our duties in the beginning of the year, we had executed some work laid out, and commenced by our predecessors, and with a small force on the streets, made such repairs as the inclemency of the winter weather would permit. When spring fairly opened, the street force was increased, and in addition to the usual repairs on streets, already open, many new ones had to be opened to accommodate our increasing population, and make ways to and from numbers of new buildings that were in process of erection and had been erected during the spring.

Your committee, in the outset, decided to do no work of a temporary character, and did everything in as permanent manner as circumstances would permit.

Some bridges on Calhoun street at its junction with Calhoun street, were removed and the grade raised, carrying the water on the surface to the ravine near by. We feel confident that some time will elapse before that portion of Calhoun street will require any more work.

Windsor street has been partially opened to that eminence in the Southern portion of the city. The culverts were built and the foundations of the retaining walls, which constitutes the heaviest of the masonry part of the street was graded and left in a passible condition. More work will be required on this street.

Church street has been well graded from Peachtree to Spring street, and several new and substantial buildings have been erected thereon.

Fair street has also been opened between Washington and Pryor streets, which opened Pulliam street to the business part of the city, and several buildings have been erected, and many fine building lots for nearly one-half mile on either side of Pulliam street and adjacent cross streets, have been greatly enhanced in value thereby.

Alexander street, from Peachtree to Marietta streets, has been opened, and has proven quite beneficial to that portion of the city.

Mangum street has been opened from near the Western and Atlantic Railroad, across the First Ward to Nelson, and thence to Peters street, (old Whitehall), and is a great convenience and benefit to the travel from on that side of the city to the other side from the comfort of citizens in the immediate vicinity.

A substantial bridge has been erected on Bell street, across the Georgia Railroad, "opening up communication" between the Third and Fourth Wards, which had been effectually severed for several years by said railroad.

New work of such magnitude necessarily required heavy expenditures to accomplish, particularly in masonry, as the culverts and heavy foundations for wall had to be built at the outset.

The ordinary repairs of streets have been very heavy, and done as thorough as practicable with our limited means. Every locality has been worked to some extent, and the committee regret their inability to accomplish more.

The drains along the Western and Atlantic Railroad, from Whitehall street to the State Road depot, became a sanitary nuisance during the dry season last summer, and on recommendation of the Board of Health, a thorough system of sewerage has been built at considerable cost.

Peachtree street, from Decatur to its junction with Broad street, has been recoated with broken stone.

In accordance with a resolution of your body, the principal streets in the business centre of the city has been curbed with Stone Mountain Granite, and the work of laying the pavements is progressing.

During the year, the committee found it necessary to increase the cart force to meet the demands for street work. Three mules and carts were purchased and put upon the streets.

The expenses of the streets for the year are as follows:

Street Repairs,	$ 9,469 65
Scrape for Mules	1,936 25
Street Masonry	14,869 67
Sprinkling	1,000 00
Tools and Repairs	899 16
Posting Street Names	73 20
Curbstones	2,144 10
Bell Street Bridge	1,500 00
Award of Damages for Opening Streets	4,910 00
Purchase of Mules and Carts	875 00
Miscellaneous Items	175 69
Total Expenditure	$39,731 52

We have on hand nine mules and carts, and tools sufficient to work from sixty to seventy-five hands.

All of which is respectfully submitted.
S. R. MCCAMY, Chairman,
M. MAHONEY,
J. P. MAYS,
January 7, 1870. Committee.

ATLANTA, GA., January, 1870.

Hon. Mayor and Council of Atlanta:

GENTLEMEN: Your Committee on Relief respectfully submit the following report of expenses and action on account of Relief and Alms House for the year 1869:

City portion of expenses for sustaining Alms House,	$2,175 51
General Relief, including small pox expense, transportation away, and coffin and burial expense of paupers.	4,759 12
Total,	$6,934 63

The average inmates in Alms House during the year (county and city) is about one hundred, (100) and have been humanely cared for at the expense of the county and city.

The relief furnished in the city was chiefly burial of paupers, and transportation of persons unable to transport themselves to their friends at a distance.

Another item in relief expenses is burial of paupers. The mortuary reports to the Council show about six (6) colored paupers to one white; most of which were illegitimate children too young to support themselves.

The Committee are of the opinion that if by State legislation a work house was established in each county, for the maintenance of such creatures, all communities would be benefitted, and they themselves better cared for, preventing those awful deaths from starvation, exposure, filth and neglect, and all communities from the expense attending the exercise of the humane charity of burying them.

The Committee's knowledge of these facts, from a year's experience with them, prompts them to this humane recommendation.

We are greatly in hopes that this item of public expense will be reduced hereafter.

All of which is respectfully submitted.
S. R. MCCAMY, Ch'm'n,
M. MAHONEY,
W. C. ANDERSON,
J. P. MAYS,
D. C. O'KEEFE.

REPORT OF COMMITTEE ON MARKETS.

The Committee on Markets have the honor to report the following amounts received during the year 1869, from the 1st and 2d markets, for stall rent and fees:

From 1st January, 1869, to 1st January, 1870 $873 65

The following amount has been paid out for salaries to Clerk of Markets:

To Theo. Harris, $40 per month,	$480 00
To Frank Ryan, $40 per month,	480 00
	$960 00

The Market Ordinances of the city were revised and carefully prepared by the Market Committee at the commencement of the year 1869, with the view that our citizens might have well regulated and properly kept markets, and the ordinances adopted by the Council and published. These ordinances, for some cause, have never been enforced, and consequently the markets have been almost an entire failure and an expense to the city. The butchers and hucksters preferring to sell and buy, as every one did, wherever they pleased.

In the 1st market, there has been no stall rented for the two last quarters of 1869. In the 2d market but two, and part of the time but one.

Honorable Mayor and Council:

The Committee on Wells, Pumps and Cisterns, submit the following report for the year ending December 31, 1869: We have built five new wells, with cast-iron rims, located as follows—one on McDonough street, one on Calhoun street, one on Mitchell street, one on Hunter street, and one on Alabama street; renovated six wells, with cast-iron rims, as follows: one on Calhoun street, one on Decatur street, one on Peachtree street, with four granite posts, one on Marietta street with granite posts, one on Alabama street with granite posts, and one on Lloyd street. The cost of 5 new wells, complete, $ 821 55
The cost of renovating 6 wells - - 312 00
Ordinary repairs, cleaning wells and filling cisterns - - - 1,336 91
Total - - - - $2,470 46

All of which is most respectfully submitted.

SCANDAL IN CHURCH CIRCLES.—*New York*, January 10.—An extraordinary scandal agitates the religious circles up town. A prominent clergyman of this city disappeared on Saturday morning in company with a young lady, one of the prettiest of his flock, and belongs to a wealthy and highly respectable family. The circumstances are such as are certain that a guilty intrigue existed between the parties. This reverend gentleman leaves behind a distracted wife and two children. Yesterday his pulpit was occupied by the Bishop of the diocese, and it was not until evening that the shocking intelligence reached the ears of the congregation. The utmost astonishment and grief prevails in the circles where the parties have been heretofore known and beloved.

Attorney General Farrow's Opinion Riddled.

Attorney General Farrow, at the request of Gov. Bullock, has given an official opinion as to the true construction to be given to the oath which Congress requires to be taken of members of the Georgia Legislature. If he intended this as a legal opinion, he seems to have lost sight of that rule of construction which declares that "the intention of the Legislature is the cardinal guide to the construction of statutes," or, as it is expressed in Duarris on Statutes, the real intention when collected with certainty will always in statutes prevail over the literal sense of terms." It has been decided by several of our American courts, "that in constructing a statute, whenever the intention of the Legislature can be discovered, it should be followed with reason and discretion, though such construction should seem contrary to the letter of the statute. Sec. 3, Com. R. 89, 2 Pet. 662—1 Mis 147, 2d Har and J. 167.

What did Congress mean by the words "nor hold any civil office created by law for the administration of any general law of a State." Did they intend that these words should include all the persons the Attorney General has included in his opinion?

When the Legislature incorporates a city or town and authorizes the election of a mayor, is this creating an office for the administration of a general law? Is not his jurisdiction confined to certain limits, and to the administration of municipal or local laws? What general law does the State Librarian administer? What is the legal meaning of administer? What general law did a notary public administer? It is true that he could witness deeds and administer certain oaths; but is this what Congress meant by the term "administration of a general law of a State?" What would be the practicable workings of the Attorney General's construction of the oath? A minister of the gospel, who is authorized to perform the marriage ceremony, would be ineligible to a seat in the Legislature. Under a statute of our State marriage licenses are directed to any judge, justice of the peace, or minister of the gospel; consequently, any minister of the gospel who performs the marriage ceremony is administering a general law of the State. The grand jury of the county finds bills of indictment against criminals, and a traverse jury passes upon the guilt of the prisoner. The witness obeys the process of the court and testifies on the stand. The lawyer administers in term time oaths to witnesses. The teacher of poor children participates in the poor school fund of the county, at the command of the Sheriff the citizens act as a possee, and assist him in making an arrest; the tax-payer, under a general law of the State, pays his tax. According to the construction of the Attorney General, all these persons would be ineligible. Such construction would exclude every person except colored persons, and those who have their disabilities removed. If Congress had so intended, why not so express it in plain language?

But why does the Governor request, and the Attorney General give an opinion upon this question? Under the act of Congress, they have no power or authority to prohibit a member from taking this oath; and if a member, in their opinion, commits perjury, the Governor and Attorney General, do not constitute a tribunal to try him. If this request of the Governor was made, and an opinion published for the purpose of fraudulently terrifying any member from taking the oath, I would refer them to the 6th section of the late act of Congress, and the people would like to have a legal opinion as to the meaning of those words which declare, "That if any person shall, by force, violence or *fraud, wilfully hinder, or interrupt* any person or persons, elected as aforesaid, from taking either of the oaths or affirmations prescribed by this act, he shall be guilty of felony," etc. What does this section mean? Will the Governor cause a legal construction to be given this section of the act?

WOLFE'S SCHIEDAM SCHNAPPS AS A MEDICINE AND BEVERAGE.—As a general beverage, a necessary corrector of water rendered impure by vegetable decomposition or other causes, as Limestone, Sulphate of Copper, etc., the Aromatic Schiedam Schnapps is superior to every other alcoholic preparation. Its purity and exemption from all grossly intoxicating properties, combined with its mildly stimulating and invigorating elements, establish it as the only alcoholic beverage in our country that can be imbibed with pleasure and safety. The nervous torpor and debility which follow the administration of other alcoholic preparations and mixtures of the day, succeeded by their intense and painful nervous reactions, are unknown as the subsequent effects of the Schiedam Schnapps, even when taken so freely; while as a *Stomachic, a Tonic Appetiser*, it stands pre-eminent among the established curatives of the day.

A public trial of twenty years' duration, in every section of our country, of the Schiedam Aromatic Schnapps; its unsolicited indorsement by the medical faculty, and a sale unequaled by any other alcoholic distillation, have insured for it the reputation of purity and salubrity claimed for it by the proprietor on its original introduction to the public.

Put up in quart and pint bottles, handsomely wrapped in yellow paper.

For sale by all druggists, apothecaries and grocers in the United States.

FIREMEN'S BALL.—We learn that Mechanic Fire Company will have a grand Ball at the City Hall, on the 24 of February next.

HIGHLY IMPORTANT TO THE LEGISLATURE.—See DR. TUTT's card, under new advertisements.

BRIDAL COURTESY.—We have the pleasure of acknowledging the receipt of a package of wedding cake from Mr. A. A. Fletcher, of Marietta, who married on Monday. Long may he wave!

COAL.—Such is the demand for Coal in Atlanta, that a car load is barely unloaded before it is gobbled up. Those new coal cars should be constructed and put on stones to effect any good.

LITHONIA ACADEMY.—We learn that Marshal R. Ragsdale, Esq., has been elected Principal of Lithonia Academy, vice C. W. Richter resigned.

SALE OF PICTURES.—Mr. Adair has on exhibition, at his office, the large stock of paintings shortly to be sold at auction. There are some very handsome pictures, and we advise our lady and gentleman readers to go and see them.

A CURIOSITY.—A white child was born in Deanstown a few nights since, with six fingers on each hand. To keep pace with some of the modern plunderers, one would have to have at least ten on each hand.

INTERESTING MATTER.—The reports of the various Committees of the City Council, of the operations of last year, in another column, will be found highly interesting. We will notice some of the suggestions herea ter.

MAYOR OF FORSYTH.—We learn from the Monroe Advertiser that Col. A. D. Hammond has been elected Mayor of that flourishing city. We congratulate the city on the selection of a chief magistrate who will discharge his whole duty, faithfully and impartially.

B. A. GRIST.—B. A. Grist, well-known as a member of the craft, has been confined to his room for the past two months with consumption. He is quite weak and feeble, though yesterday he felt better. We trust that he may soon recover his wonted health.

"DONE BROWN."—A weighty citizen of Decatur was relieved on Tuesday night of his pocket book and $450, near the old Rolling Mill, by a female Claude Duval named Amanda Brown. The Decatur ite gave notice to the police, and the gay robber was made to disgorge her ill-gotten gains.

THE GEORGIA ROAD.—A through passenger car from Charlotte and another from Wilmington, how run regularly on the Georgia Road, passing through to West Point. The passenger travel on the Georgia Road is still on the increase. This Road will not the present year over $2 0,000 over last year.

MYNATT & DELL.—In our notice of this firm, some time since, we neglected to mention that their office was located in Hillyer's building, over Georgia Loan and Trust Company's Bank, on Alabama street. Their professional card appears in another column. We mention this removal for the convenience of their clients.

THOMPSON'S RESTAURANT.—Thompson's Restaurant is now the center of attraction. Situated midway between the Skating Rink and DeGive's Opera House, it offers superior inducements for the way-farer to stop and refresh himself. And it is sagely suggested, that the pleasing odor of his rich viands, is the cause of the Legislature adjourning so often.

PERSONAL.—Major Joseph B. Cumming and Major Joseph Ganahl, of Augusta, were in the city yesterday. They were on professional business, and are not candidates for the United States Senate.

Judge William Gibson, of Augusta, was also here, pirouetting around. He is not raising a regiment for the next war.

REV. JAMES T. LIN.—We learn that Rev. James T. Lin will probably take charge of the Methodist church at Milledgeville, left without a pastor by the death of Rev. Wesley P. Arnold. Mr. Lin is an earnest, devoted and able Divine, and we rejoice to know that he will be assigned to duty in such a pleasant portion of God's Moral Vineyard.

STONE MOUNTAIN ACADEMY.—The opening of the Spring session of Stone Mountain Academy has been postponed, we learn, for a week or two. This is an excellent school, and affords parents in Atlanta a fine opportunity to educate their children at a good school, at small cost. Board is cheap, and the air and water pure.

EXCITEMENT ON WHITEHALL STREET.—Last night, about 8 o'clock, the quiet of Whitehall street was broken by the discharge of a pistol. Soon a surging crowd rushed down the street to see what was the matter. The police, who were down on Decatur street, came hurriedly up. A little boy came puffing and blowing, and ascertaining the cause, exclaimed: "I thought it was a dog fight. On y a man killed." Some one in passing dropped his pistol on the pavement, when it exploded. Nobody hurt.

SUPREME COURT OF GEORGIA—EVENING SESSION—*January* 12, 1870.—Argument was resumed and concluded in No. 19, Chattahoochee Circuit.

No. 11 was argued. It is William Davis, vs. Thos. Moredield, et. al. Equity from Chattahoochee. E. G. Raiford for plaintiff in error. John Peabody, D. H. Burts for defendant in error.

No. 6 was next taken up. It is Howard Manufacturing Company, plaintiff in error, vs. Water Power Company. Equity, demurrer from Muscogee. J. Moses, W. Dougherty, for plaintiff in error. Henry L. Benning for defendant. Pending the reading of the record, Court adjourned till 10 o'clock to-morrow morning. The next case in order will be No. 15.

MASSACHUSETTS OVERRUNNING GEORGIA.—Monday night two white lads were found on the streets, wandering about, and lodged in the calaboose. They stated that they were brought out with about one hundred and fifty others, from an orphan assylum in Massachusetts, by some of the enlightened citizens of that Commonwealth, and dropped here. The others are being distributed throughout the State. When it is remembered that the "illegitimates" exceed the "legitimates" in that State, one can readily perceive how the first can be got rid of in this way. In the name of humanity, we protest against such cruelty and wrong doing!

Charles sumner ought to introduce a bill at once to reconstruct Massachusetts! Will not Governor Bullock take that [illegible] for his charge?

A VALUABLE [illegible].—Hon. J. M. Pace, of Covington, has forwarded to Charlie Christ, Librarian of the Young Men's Library Association, an autographic despatch of Gen Robert E. Lee to Gen. John B. Gordon, of which the following is a copy.

HDQ'RS, 19th Dec'r, '64.
R[illegible], A. M.
GEN'L: Enemy are reported to be retiring from Winfield. Bridge over the Meherrin is saved and attack successfully resisted. Our loss, as far as heard from, very small. Hampton following.
Very respectfully,
R. E. LEE.
GEN. GORDON.

Capt. Pace is a high-toned public-spirited citizen, and we are pleased to see him take an interest in such a praiseworthy institution as the Young Men's Library Association. This Association is not sectarian, sectional, sectional, or political. Here all shades of christian belief, and of political opinion meet to read the news and avail themselves of its benefits. Soldiers and civillans, men and gentlemen, American and foreigner, citizen and stranger, are all free alike to come and go. The rooms are open all day and up to 10 o'clock at night.

We trust that the example of Hon James M. Pace will be imitated by others. It is a noble institution and should be encouraged.

A CASE FOR LEGISLATIVE ACTION.

—On the 31st day of October, 1869, Crawford W. Johnson, a train hand on the State Road, was run over by the train, and so mangled as to require the amputation of one leg above the knee, and the half of his foot on the other leg. He was in the discharge of his duty at the time, and the accident did not occur from any fault or neglect on his part. Soon after the accident, he was removed to the Kennesaw House, at Marietta, where the liberal and humane proprietors spared no pains to render him comfortable. Dr. E. J. Setze, of Marietta, an eminent practitioner and wholesouled gentleman, Dr. G. G. Crawford, of Atlanta, and Dr. J. L. Hamilton, of Rome, gave him the best of medical attention and assistance, and through their skill, saved, what was considered a hopeless case. The people of Marietta, noted for their humanity and kind deeds, did everything they could to minister to Mr. Johnson's wants He was removed to this city a few weeks ago, and is doing well, though his Surgeon says that it will be fully six months before he can go about. He is now living on Marietta street, next door to Foster Blodgett, Superintendent of the State Road. Mr. Johnson has a wife and four children dependent upon him for subsistence.

This accident has rendered him useless for life He and his family are now in want. Mr. Johnson is known to have been an industrious and energetic man. Before the courts of the country he could gain a heavy verdict for the permanent injury inflicted upon him. When the picture of his wife and little ones in want is portrayed before a jury, no one can doubt the result. We call the attention of the Legislature to this case—if they can forget political strife—and beseech of them to remember the family of the unfortunate man and their necessities, and provide liberally for them. We doubt whether the Superintendent can make any provision for him—let the Legislature see to it at once. Humanity demands it, and the appropriation will not be misplaced.

ASSOCIATE CAPITAL WANTED.—We call the attention of our readers to the advertisement of Dr. C. Rogers, of Thomaston, Ga. Dr. Rogers proposes to improve his property, known as the "Thomaston Factory" place by associating with him three or more men of means, and build on the place a first-class Cotton Mill. The place is within two miles of Thomaston, on Big Potatoe creek, and possesses all of the advantages in point of health and accessibility that can be desired for a manufacturing establishment. The running of the cars on the Barnesville and Thomaston Railroad, which we regard as a mere question of time, will make the location more desirable, as the two miles of even dirt road from the terminus of the railroad to the factory place, will make transportation cheap and convenient. The Doctor's large and extensive experience as a manufacturer, will make an association with him in this enterprise the more valuable. In a word, the proposition of Dr. Rogers offers a splendid opportunity to capitalists to invest their money. We invite those wishing to make such an investment to correspond with Dr. Rogers or visit the place and see its advantages.

TO WHOM IT MAY CONCERN.—Have you ever befouled your gray hair with the viscid dyes or worse preparations offered as substitutes. If so, they disgust you of course, but let not that prevent you from using PHALON'S VITALIA OR SALVATION FOR THE HAIR, which is clear and harmless as water, in all respects agreeable, and effects the desired object thoroughly and satisfactorily.

BY TELEGRAPH.

ASSOCIATED PRESS DESPATCHES.

WASHINGTON, Jan. 12.—Rebate $330,000. The weather continues unsettled.

Gen. Banks has arrived from his European tour.

Judge Wood, Circuit Judge under the new law, commences his session this week in Mobile.

A meeting of the postmasters of the principal cities is in session here.

The Naval Committee are considering a bill for the construction of iron-clads equal in all respects to the best of English and French.

Among to-day's nominations was Joseph L. Requs, for Collector of Customs at St. Johns, Fla.

Spinner has purchased one million and three-fourths of sixty twos, for a sinking fund, from the accrued interest on sinking fund bonds.

Drake's amendment to the Virginia Bill will fail, and the original bill will pass the Senate. The result in the House is more uncertain, as new members are constantly arriving, and the discussion will probably be prolonged for two or three days. Sumner, in the Senate, presented a protest, signed by thirteen persons, against Virginia's admission. Thurman said every one of them were office holders who would lose their offices upon the admission of the State.

HOUSE.—The resolution of the New York Legislature, withdrawing their assent to the 15th Amendment, was presented and tabled.

Garfield introduced a bill abolishing the Bureau of Refugees, Freedmen and Abandoned Lands.

A bill was introduced repealing the act of June, 1862, defining additional causes of challenge and prescribing additional oaths to grand and petit jurors in United States Courts.

The discussion of the Virginia bill was resumed. Farnsworth said it would almost be better to follow the Bible recommendation, and swear not at all, than to have this eternal repetition of oaths, which excluded intelligence, worth, and wealth from public office. Paine, another member of the Reconstruction Committee, favors the bill. Without action the House adjourned.

In the Senate, the Virginia bill was discussed to adjournment. The discussion was quite bitter, involving crimination and recrimination among the Republicans, without, however, any definite action.

ALBANY, N. Y., Jan. 12.—Striking telegraphers have resumed work, and declaring they have been deceived regarding the matter.

FORTRESS MONROE, Jan. 12.—There are Spanish gunboats in Hampton Reads today. They will probably sail.

HAVANA, Jan. 12.—Telegraphic communication re-established with Lato Spiritus, Celgo Ovitae, and other points in Cinco Villas district.

PARIS, Jan. 12.—The edition of Rochefort's paper, at Marseilles, was seized by the authorities to-day.

Telegraphic Markets.

MOBILE, January 12.—Cotton in fair demand, but closed quiet; sales 1,000 bales; middlings 23¾; receipts 321 bales; exports 750 bales.

NEW YORK, January 12.—Cotton favors buyers; sales 1,000 bales at 25½. Flour heavy, 5a10c lower; superfine State 4 60a4 80; common to fair extra Southern 5 45a6 00. LOUISVILLE, January 12. — Provisions heavy. Mess pork at 28 00. Bacon shoulders 13¾; clear sides 16¾. Lard 17. Whisky dull at 93. Corn 90a95.

LIVERPOOL, January 12, Evening.—Cotton dull; Uplands 11¾; Orleans 11⅝; sales 10,000 bales; export and speculation 2,000 bales. Naval stores quiet.

Facts About Congressmen.

The average age of Senators is not far from 55; that of Representatives not far from 45.

In the Senate there are five gentlemen below the age of 40. In the House there are five members under 30.

The youngest Senator is General Spencer, of Alabama, born November 1, 1835, and consequently 33 years old. The youngest Representative is Hon. Clinton L. Cobb, of North Carolina, born August 25, 1842, and consequently but little over 27.

The oldest Senator is Hon. Simeon Cameron, of Pennsylvania, born March 8, 1799. He is also the oldest in Congressional seniority, having taken his seat in the Senate in 1845. He has, however, had two long interruptions in his Senatorial career, so that his whole service amounts to eleven years. He is the only member of either House who was born before the commencement of the present century.

The oldest member of the present House of Representatives in Congressional seniority is Hon. Fernando Wood, who took his seat in 1841, in the Twenty-seventh Congress. His age is 57.

Mr. Garrett Davis, Senator from Kentucky, was earlier in the House than any present member of that body, having in 1839 taken his seat in the Twenty-sixth Congress. He is the only member of either House who sat in Congress more than thirty years since. Mr. Davis, however, belongs to the present century, having been born in 1801, two months earlier than Senator Vickers, of Maryland. In point of long continued service, Mr. Sumner is the "Father of the Senate," having served for almost nineteen years without interruption. He has five years more to serve on his present term.

Hon. Robert C. Schenck, of Ohio, is the "Father of the House." He entered it in 1843, and (having been out from 1857 to 1863) is now serving his eighth term.

Hon. Henry L. Dawes, of Massachusetts, is serving his seventh continuous term.

General Banks and Hon. Horace Maynard are in their sixth term, not continuous.

Hons. James Brooks and S. S. Cox, of New York, and Hon. Nathan F. Dixon, of Rhode Island, are each in their fifth term.

Mr. Brooks was the pioneer Washington correspondent, and also the first of European correspondents for American papers.

The youngest Senators are Messrs. Sprague and Kellogg, thirty-nine years; McDonald, thirty-seven years; Osborn and Spenser, eighty-three years. All "carpet-baggers" except Gov. Sprague.

The youngest Representatives are Hon. Thos. Fitch, of Nevada, 31 years; Gen. J. J. Witcher, of West Virginia, 30 years; Hon. Chas. M. Hamilton, of Florida, 29 years; Hon. Logan H. Roots, of Arkansas, 28 years, and Hon. C. L. Cobb, of North Carolina, 27 years. Messrs. Hamilton and Roots were members of the last Congress. The average length of the congressional biographies is ten lines. The longest is that of Hon. William F. Prosser, of Tennessee, who occupies twenty-six lines; but they are so crammed with incidents that they could not well be abbreviated.

The hardest worked Senator in committee service is Hon. James W. Patterson, of New Hampshire, who is chairman of the joint committee on retrenchment, and is a member of three others.

The blondes of the Senate have it all their own way in the committee on the Judiciary.

In the House, the most fortunate men on committees are Hon. John Lynch, of Maine, who is chairman of two committees and stands second on that of banking and currency, and Hon. Thos. A. Jenckes, of Rhode Island, who is chairman of the committee on patents and runs those of retrenchment and civil service.

Washington.

Telegraphic Dispatch to the Banner.

WASHINGTON, D. C., Jan. 10.—Alexander Delmar announces this morning that the National Intelligencer will no longer be published. He assigns, as a reason, the loss of several thousand dollars and his poor health. The paper was in the interest of free traders, and its friends in New York.

A private letter from Paris says, that resignations of the French Ministers at London and Berlin were owing to a want of sympathy with the new French Regime.

The Senate to-day confirmed the nomination of Lorenzo Sawyer as Circuit Judge of the Eleventh Judicial Circuit.

Brevet Major-general Charles N. French, commanding the 9th Infantry, being next in rank to General Joseph A. Mower, late commander of the Department of Louisiana, has been assigned to the command of that department; Brevet Major-general Robt. B. Ayers is assigned to the command of the 25th Infantry, at Little Rock, and Brevet Major-general J. J. Reynolds is assigned to the command of the 25th Infantry, vice Mower, deceased, in command of the State of Texas.

The President nominated Edward L. Solomon, of Illinois, for Governor of Washington Territory; H. H. Emmonds, of Michigan, for Circuit Judge of the Fifth Judicial Circuit, vice S. L. Withey declined; Wm. H. H Terrill, Third Assistant Postmaster-general.

The Secretary of War to-day transmitted to the Senate a draft of a proposed bill, providing for the disposition of useless military reservations. He also reported that there is now in the Treasury, to the credit of the fund for sick and wounded soldiers, some $4,000,000; and there was contributed during the war, by members of religious denominations who were conscientiously opposed to bearing arms, and who were relieved from duty on the payment of $300 of the moneys desired by the National Asylum for Disabled Soldiers. The Secretary also informed the Senate to-day that the United States arsenal buildings and grounds, at Little Rock, Arkansas, are now and will hereafter be required for military purposes.

Beecher Owns Up.

Mr. Beecher defends his awful conduct in the Richardson-McFarland case in this specious and interesting manner:

I suppose I do slop over sometimes. Well, I never saw a pan just full of milk that did not slop over. If you do not want any slopping-over, take a pint of milk and put it in a big bucket. There will be no slopping over then. And a man who has only a pint of feeling, in an enormous bucket, never slops over. But if a man is full of feeling, up to the very brim, how is he going to carry himself without spilling over? He can not help it. There will be dripping over the edges all the time. And as every flower or blade of grass rejoices when the rain falls upon it, so every recipient along the way in which a man with overflowing, generous feeling walks, is thankful for his bounty.

How to carry a nature full of feeling, and administer it without making mistakes, I do not know, you do not, nobody does, nobody ever did, and nobody ever will; so we must take it and get along as best we can. Life is a kind of zig-zag anyhow; and we are obliged to resort to expedients, and make experiments, and learn from our blunders, which are inevitable. We find out a great deal more from men's mistakes than from their successes.

But, after all, I am not sorry that I have been imposed upon, and that I have trusted men that were not worthy to be trusted I am not sorry that I have been duped. It falls out from an abundance of generous feeling. It is the mistake of a disposition that I think it is a great deal better to have, with all the impositions which it suffers, than that kind of cold caution which prevents you venturing anything on the side of kindness because you always want to be safe.

THE LIVING MACHINE.—Injure the main spring of a watch and every portion of the works becomes disordered. The human stomach is to the human system what that elastic piece of metal is to a chronometer. It influences the action of the other organs, and controls, to a certain extent, the whole living machine. The comparison may be carried farther: for as the weakness or other imperfections of the main spring is indicated on the face of the time-piece, so also is the weakness or other disorder of the stomach betrayed by the face of the invalid. The complexion is sallow or faded, the eyes are deficient in lustre and intelligence, and there is a worn, anxious expression in the whole countenance which tell as plainly as written words could do, that the great nourishing organ whose office it is to minister to the wants of the body, and to sustain and renew all its parts, is not performing its duty. It requires renovating and regulating, and to accomplish this end Hostetter's Stomach Bitters may be truly said to be the one thing needful. The broken main spring of a watch may be replaced by a new one, but the stomach can only be repaired and strengthened, and this is one of the objects of the famous vegetable restorative which for eighteen years has been waging a successful warfare with dyspepsia in all climates. As a specific for indigestion it stands alone. When the resources of the pharmacopœia have been exhausted, without, at best, doing more than mitigating the complaint, a course of this wholesome and palatable, yet powerful, stomachic effects a perfect and permanent cure. In all cases of dyspepsia the liver is more or less disordered, and upon this important gland as well as upon the stomach and bowels, the Bitters act with singular distinctness, regulating and reinvigorating every secretive and assimilating organ on which bodily and mental health depend.

EXTRACT FROM A LETTER FROM JERUSALEM.—"We started early to ascend Mt. Olivet, to behold the sun gild the minarets and towers of the devoted city, from the place where memory, stirred by a thousand associations, should exalt the mind as well as the eye to the inspiration of the scene. THE ATLANTA CONSTITUTION,

THE LADY MARIAN.

From Gerald Massey's New Volume.]

This is my Lady Marian,
She walks our world a Shining one!
A Woman with an Angel-face,
Bowed courtly, and tender grace;
And where she treads this earth of ours,
Heaven blossoms into smiling flowers.
This is the Lady Marian.

One of the spirits that walk in white!
Many dumb hearts that sit in night,
Her presence know, just as the Birds
Know Morning, murmuring cheerful words,
Where Life is darkest, she doth move
With influence as of visible Love.
This is the Lady Marian.

Her coming all your being fills
With a balm-breath from heaven's hills;
And in her face the light is mild
As though the heart within her smiled,
And in her bosom sat to sing
The spirit of Immortal Spring.
This is the Lady Marian.

One of God's treasures for the Poor!
She keepeth open heart and door.
That heart a holy well of wealth,
Brimming life-waters, quick with health;
That door an opening, you look through,
To find our sides of Heaven's bliss.
This is the Lady Marian.

Supreme Court—Morning Session.

Reported Expressly for The Constitution.]

WEDNESDAY, Jan. 12, 1870.

The following cases from Talbot county, were continued the next term, upon suggestion of the diminution of the records in each.

No. 2. M. O. Castellow vs. Frederick Meyer, complaint.

No. 13. P. F. Mahone, adm'r, vs. D. L. Howard et al. Equity.

No. 14. John Durden vs. Carhart & Brother. Complaint.

Marion Bethune, for plaintiffs in error. Willis & Willis, W. A. Little, for defendants.

Argument was begun in No. 12, E. A. Lewis vs. A. M. Christian, et. al. Equity. From Chattahoochee. It was exchanged for No. 6.

No. 7 having been continued, No. 8 was next argued. It is John L. Smith vs. Joseph Beck, *et al.*, Ex'rs—Complaint from Marion. M. H. Beauford, E. W. Nuller for plaintiff in error; B. B. Hinton for defendants.

No 9 having been continued, No. 10 was next called. It is Barbara Davis vs. Wm. Bagley, *et al.*—Suit on administrator's bond, from Chattahoochee. D. H. Burts, M. H. Blanford, Russell & Peabody for plaintiff in error; E. G. Raiford, B. A. Thornton, for defendants.

At the conclusion of the opening argument for the plaintiff in error, the Court adjourned until 3 o'clock, P. M.

AARON ALFEORIA.—The colored individual bearing this flowery cognomen was an attorney at law in the State of Massachusetts, and had his name stricken from the rolls of the bar as a punishment for contempt of court and malpractice. Subsequently he was convicted in this State for the crime of seduction, and served out an imprisonment of two years. It is highly important that this ornament of society should be as speedily as possible restored to the seat from which the Georgia rebels caused his expulsion. "In the interest of God and morality," let there be no delay in forcing Morton's bill through Congress. That bill provides for the unreconstruction of Georgia and the re-assembling of the original Legislature, of which Aaron Alpeoria was elected a member. By all means let the restoration of Aaron to his legislative seat and dignities be expelled. [*Buffalo Courier.*

☞ A wife in Bloomington, Illinois, during the trial of her divorce case, interrupted her counsel's eloquent plea for provision for her child with the remark, addressed to the court, that "It was not provisions that she wanted, but that she would take whatever the court in its wisdom might see fit to allow her, in money, be that little or much."

A NEW DISCOVERY!!

PHALON'S

"VITALIA;"

OR,

Salvation for the Hair.

CLEAR AS WATER!
WITHOUT SEDIMENT!!
OPEN TO THE LIGHT!!!

For Restoring to Gray Hair its Original Color.

PHALON'S "VITALIA" differs utterly from all the hair coloring preparations heretofore used. It is limpid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, imparts no stain to the skin. Hold it to the light and it is clear and cloudless. It leaves no mark on the scalp; yet it reproduces in gray hair the natural color that time or sickness may have bleached out of it.

☞ Phalon's Vitalia

is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair.—These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.

THE VITALIA is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications, according to the depth of shade required. Sold by all druggists.

THE WILLINGHAM FERTILIZER

FOR COTTON, CORN, WHEAT.

THIS STANDARD MANURE, named after a well known practical Planter of Georgia and South Carolina, combines in a concentrated form all the fertilizing elements necessary for the production of COTTON, CORN and WHEAT, and by its use is certain to increase not only the yield, but to improve the quality of the products. It is made with a special view to the wants of the soils of the South, and can be relied upon as to excellence of material, containing highly necessary substances, the great cost of which have heretofore precluded their being in common use. It can be depended on as uniform, always reliable, and productive of good crops.

ALBANY, GA., September, 1869.

Having a full knowledge of the composition and process of manufacture of the "Willingham Cotton, Corn, Wheat and Rice Fertilizer," I have no hesitation in pronouncing it to be a most reliable fertilizer, one of the best in use, and most particularly adapted to the soil of Georgia and South Carolina.

CORN!

PROLIFIC CORN!

I have a species of Corn which I obtained from a man in Virginia some two years ago. This man and his Corn have been denounced as humbugs. I am not able to say whether the seed I obtained is the "Egyptain Corn" or not, but I do know from having grown it twice, that it is by far the most valuable species of Corn ever planted in this country. I am well satisfied that two crops of this Corn can be produced in the same year in this climate, and I know that on the same land, with the same seasons and culture, it will yield three times as much as any other kind of corn of which I have any knowledge. I have planted it for two years, and have realized large crops, literally without rain. In this exceedingly dry year, if all the farmers of Bartow County had planted this corn, we would have been worth a million of dollars more than we are, and the people would have rejoiced in abundance of bread. I have some of this Corn for sale, and will dispose of it to those who wish to purchase at $6 a peck, delivered to the Railroad Agent at Kingston, Ga.

This Corn can be grown and gathered in this climate by the 15th of August, which gives far more ample time to prepare for and sow wheat, or other small grain on the same land. All orders to receive attention must be accompanied with the money, prepaid. I do not wish to sell less than one peck to any one order. Address me at Kingston, Ga. J. C. ROPER,

Sept. 28, 1869. Kingston, Ga.

We the undersigned citizens of Bartow county, do certify, that we visited the plantation of J. C. Roper about the 1st of August, 1869, and examined his field planted in the kind of Corn mentioned and described in his foregoing statement, and said field looked fresh and luxuriant, whilst the fields around and adjacent, seemed literally burned up with the drought. We are satisfied that Capt. Roper's statement about the Corn is true, and the undersigned, Lewis Tumlin, has already secured from him, seed to plant a large part of his crop the coming year. We counted twenty-three ears of corn produced from three grains this dry year. In our judgment, it is by far the most valuable Corn ever introduced into this country. L. TUMLIN,

Carteraville, Ga.
MARK A. HARDIN,
Sept. 28, 1869. Kingston, Ga.

Capt. J. C. Roper, of Kingston, Ga., gave me a few ears of Corn, which I planted on a piece of gray upland. The land was very well prepared, and pretty well matured, and the Corn planted the 7th day of April, 1869. I know, that from the time the Corn was waist high, until it was well glazed in the grain, there never was a "season" of rain upon it, and yet was green and fresh until maturity, and did not seem to suffer from drought. The yield was extraordinary and the Corn attracted the attention of almost every passer by. I am no farmer, and had of course but a small plat of ground planted in this Corn, but if my judgment is worth anything, I can say, that if I had planted this Corn altogether, I would have made, in this dry year, three or four times as much Corn as I did.

PACIFIC GUANO COMPANY'S

SOLUBLE

PACIFIC GUANO!

CAPITAL $1,000,000.

Price $72.50cts Per Ton.

THIS Guano differs from Peruvian Guano simply in the relative proportions of the same element of fertility. Its use during the past four years for the culture of Cotton and Corn, has given it a character for standard excellence unsurpassed by genuine Peruvian Guano, and when seasons of drought intervene, it produces a larger increase of crops.

The price at which the Guano is placed, is so much below that of Peruvian Guano, as to constitute it an object of material importance to Southern Agriculture.

The large capital and resources of the Company enable it to furnish a Guano of the highest value at the lowest possible cost to consumers, and the highest interest of the Company is recognized in this policy. The Company look to large sales, small profits and a permanent trade for compensation in capital invested. Dr. St. Julien Ravenel, of South Carolina, is Scientific Director to the Company, which affords a sure guarantee of the continued excellence of the Guano. None genuine unless branded with the name of John S. Reese & Co., General Agents of the Pacific Guano Company. For terms and mode of application, apply to

THIS article is Manufactured at the Company's Works, under the direction and superintendence of Dr. Ravenel. It contains the same elements of fertility as Soluble Pacific Guano, except that it is not furnished with Ammonia. It is prepared expressly for compositing with cotton seed, which furnishes the element of Ammonia; the object being to render that side product of the plantation available to the highest degree as an element of fertility.
